Roll No.

XCS-400

(Set-B)

**B. TECH. (FOURTH SEMESTER)
END SEMESTER EXAMINATION, 2018**

(All Branches)

CAREER SKILLS

Time : Three Hours

Maximum Marks : 100

Instructions for candidates :

- (i) This question paper has 80 questions. Attempt all questions. Each question carries equal marks.
- (ii) It is compulsory to write the SET on the OMR.
- (iii) Calculator is not allowed.
- (iv) Read the instructions to each question carefully.

Directions (Q. Nos. 1 to 5) : Each of the following questions below consists of a question and two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both the statements and give answer :

(2)

XCS-400(B)

- (a) if the data in statement I alone is sufficient to answer the question, while the data in statement II alone is not sufficient in answer the question.
- (b) if the data in statement II alone is sufficient to answer the question, while the data in statement I alone is not sufficient to answer the question.
- (c) if the data in both the statements I and II together are not sufficient to answer the question.
- (d) if the data in both the statements I and II are together necessary to answer the question.
1. Who amongst A, B, C, D and E is the tallest ?
I. A is taller than B. E is not the tallest.
II. C is taller than A. D is not the tallest.
2. Who is brother-in-law of D ?
I. M and Z are brothers of B and E is wife of Z.
II. D is mother of U and is wife of B's brother.
3. In which month of the year did Mohit go abroad for a vacation ?
I. Mohit correctly remembers that he went for a vacation in the first half of the year.
II. Mohit's wife correctly remembers that they went for a vacation after 31st March but before 1st May.

F. No. : a-82

(3)

XCS-400(B)

4. Is P is aunt of M ?
I. A is son of P. A is brother of B. B is daughter of C. F is sister of C. M is daughter of F.
II. D is father of M. F is mother of M. K is brother of F. K has two children J and R. P is married to K.
5. Among V, W, X, Y and Z, seated in a straight line facing south, who sits at the extreme end of the row ?
I. W sits second to right of V. Z is not immediate neighbour of Y.
II. V sits third to left of Y. W sits on the immediate right of X.

Directions (Q. Nos. 6 to 10) : Answer the questions on the basis of the information given below :

Ten students namely Dev, Jaya, Varun, Janki, Yogita, Jaspal, Jamuna, Ganesh, Jayant and Jasmine of ten different colleges but not necessarily in the same order have exam on five different days starting from Monday to Friday of the same week. Each student have exam at two different time slots, i.e. 9.00 A.M. or 11.00 A.M.

F. No. : a-82

P. T. O.

(4)

XCS-400(B)

The number of people who have exam between Jamuna and Janki is same as the number of people who have exam between Varun and Ganesh. Only two people have exam between Jaspal and Jasmine. Neither Yogita nor Jamuna does not have exam on Friday. Jayant has exam on Tuesday at 9.00 A.M. Ganesh does not have exam at 11.00 A.M. Janki does not have exam on any one the days after Yogita. Jayant does not have exam on any days before Jamuna. Jaspal does not have exam on any of the days after Ganesh. Jaya has exam immediately before Jayant. The one who has exam at 9.00 A.M. is immediately before Jasmine. Janki has exam immediately after the day of one who has exam on Monday. Jaspal does not have exam at 11.00 A.M. Only three people have exam between Jamuna and Yogita.

6. Which of the following is correctly matched ?

- (a) Jayant-Monday
- (b) Yogita-Tuesday
- (c) Janki-Tuesday
- (d) Jayant-Wednesday

F. No. : a-82

(5)

XCS-400(B)

7. Who among the following have exam on Thursday ?
 - (a) Jaya, Jamuna
 - (b) Varun, Yogita
 - (c) Yogita, Jaya
 - (d) Jaspal, Dev
8. Who among the following person has exam at 9.00 A.M. ?
 - (a) Ganesh
 - (b) Dev
 - (c) Jasmine
 - (d) Janki
9. Four among the following form a group in a certain way. Which of the following does not belong to group ?
 - (a) Ganesh-Friday
 - (b) Janki-Wednesday
 - (c) Jamuna-Tuesday
 - (d) Dev-Friday
10. How many persons have exam at 11.00 A.M. between Yogita and Ganesh ?
 - (a) Four
 - (b) Two
 - (c) One
 - (d) Three

F. No. : a-82

P. T. O.

(6)

XCS-400(B)

Directions (Q. Nos. 11 to 15) : Study the following table carefully to answer these questions : Details of the seat belts produced by different companies over the years :

Year	Company											
	A		B		C		D		E		F	
	N	D	N	D	N	D	N	D	N	D	N	D
2011	28	0.8	18	0.4	34	1.4	29	1.4	24	1.5	44	2.2
2012	32	1	26	1.2	31	1.2	34	1.2	26	2	38	1.6
2013	24	0.5	23	0.5	28	1.5	23	0.8	35	2.2	32	1.3
2014	22	0.6	33	1.4	36	1.9	18	0.4	31	1.8	28	0.9
2015	30	1.2	38	0.8	40	2.1	33	1.8	37	2	42	1.5
2016	25	0.8	40	2	42	2.2	45	2.5	41	2.2	19	0.4

N = Number of seat belts produced (in lakh)

D = Percentage of defective belts

11. What was the number of defective seat belts produced by company B, C and E together in year 2014 ? (in lakhs)

- (a) 2.70
- (b) 1.704
- (c) 1.50
- (d) 1.20

F. No. : a-82

(7)

XCS-400(B)

12. What was percentage decrease in total production by all companies together from 2012 to 2013 ? (rounded off to the two decimal place)

- (a) 10.76
- (b) 11.26
- (c) 12.26
- (d) 11.77

13. What is the ratio of the average production of company A to that of B for all the given years ?

- (a) 161 : 178
- (b) 149 : 161
- (c) 137 : 178
- (d) 137 : 149

14. What percentage of total items produced by company F in 2011, 2015 and 2016 together are defective ?

- (a) 1.4
- (b) 0.9
- (c) 1.6
- (d) 2.1

F. No. : a-82

P. T. O.

(8)

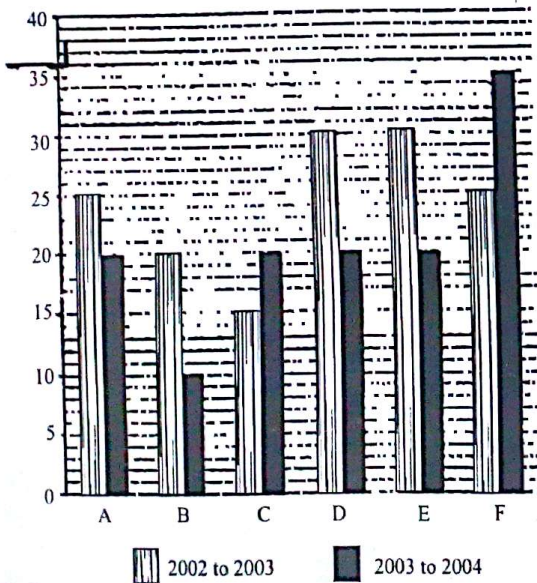

XCS-400(B)

15. What was the average number of perfect seat belts produced by company D in 2013, 2014 and 2015 together ? (in lakh)

- (a) 24.38
(b) 23.46
(c) 26.76
(d) 22.16

Directions (Q. Nos. 16–20) : Read the following table carefully and answer the questions given below :

Percentage increase in population of 6 villages from 2002 to 2003 and from 2003 to 2004 :

F No. a-82

(9)

XCS-400(B)

Actual total population of these villages in 3 different years :

Years Village	2002	2003	2004
A	—	—	3750
B	—	1980	—
C	—	—	1518
D	—	—	—
E	1250	—	—
F	1200	—	—

16. What is the ratio of total population of village E in 2004 to village A in 2002 ?

- (a) 41 : 50
(b) 37 : 45
(c) 48 : 31
(d) None of these

17. Total population of village A in 2002 is what percent more than total population of village C in 2002 ? (round off to 2 decimal places)

- (a) 129.27%
(b) 127.27%
(c) 135%
(d) None of these

F No. : a-82

P. T. O.

(10)

XCS-400(B)

18. Ratio of total population of village C and D in 2002 is 22 : 27 respectively, what will be total population of village D in 2004 ?

- (a) 1350
- (b) 2108
- (c) 1250
- (d) None of these

19. The total population of F in 2002 is approximately, what percent of the total population of same village in 2004 ? (round off to 2 decimal places)

- (a) 53.26
- (b) 59.38
- (c) 49.38
- (d) None of these

20. Total population in 2002 of all villages together is approximately, what percent less than the total population in 2004 of all villages together ?

- (a) 33
- (b) 39
- (c) Can't be determined
- (d) None of these

(11)

XCS-400(B)

Directions (Q. Nos. 21 to 25) : Read the information given below and answer the questions based on it :

Seven different boxes L, M, N, O, P, Q and R of different colours viz., Green, Red Blue, Yellow Purple, Pink and Orange are arranged one above the other. The box at the bottom of arrangement is numbered 1, the above box is numbered 2 and so on. M is immediately above P. More than two boxes are above the Green box. The yellow box is immediately below L. Only one box is between the Green box and Q. R is immediately above the Pink box. Only one box is between M and Red box. Only two boxes are between the Yellow box and the Green box. Only two boxes are between the Red box and the Orange box. The Blue box is neither at the top nor at the bottom of the arrangement. M is above Red box. N is immediately above Q. Neither N nor R is a Yellow box. R is not a Green box. Q's box number is 6.

21. Which of the following is the colour of Box P ?

- (a) Red
- (b) Purple
- (c) Pink
- (d) Green

(12)

XCS-400(B)

22. Which of the following is correctly matched ?
- (a) L-Pink
 - (b) P-Blue
 - (c) Q-Purple
 - (d) M-Yellow
23. Which combination represents the position on N and its colour ?
- (a) 4-Pink
 - (b) 7-Purple
 - (c) 4-Green
 - (d) 1-Yellow
24. As per the given arrangement, R is related to Orange and L is related to Blue in a certain way. To which of the following is O related to the same way ?
- (a) Yellow
 - (b) Pink
 - (c) Purple
 - (d) Green
25. Which box is in between the box numbered 6 and the box of green colour ?
- (a) Box 3
 - (b) Blue
 - (c) Box 4
 - (d) Pink

(13)

XCS-400(B)

Directions (Q. Nos. 26 to 30) : In each of the following problems, there is one question and three statements I, I and III given below the question. You have to decide whether the data given in the statements is sufficient to answer the question. Read all the statements carefully and find which of the statements is/are sufficient to answer the given question. Choose the correct alternative in each question :

26. How is Shiv related to Monu ?

- I. Prachi is the mother-in-law of Rashmi, who is the wife of Shiv.
 - II. Shiv's sister Manisha is the only daughter of Mohit.
 - III. Manisha is the sister of Monu, who is son of Mohit.
- (a) Only I and II
 - (b) Only I and III
 - (c) All I, II and III are necessary
 - (d) Any two of the three

27. P is in which direction with respect to Q ?

- I. M is to the North of R who is to the West of Q.

(14)

XCS-400(B)

- II. P is to the East of M.
III. P is to the North-East of R.
(a) Only I and II
(b) Only III
(c) Question cannot be answered even with the information in all three statements
(d) All I, II and III are necessary
28. How is 'going' coded in a code language ?
I. 'he is going to' is coded as "sx tz xc bq" and "she is going to market" is coded as "bq tz ys xc ql".
II. 'he is gone' is coded as "xc sx qr" and 'home to market' is coded as 'tz nf ql'
III. 'railway station to market' is coded as 'ly kx tz ql'
(a) Only I and II
(b) Only II and III
(c) Only I and III
(d) All I, II and III
29. Among A, B, C, D and E, who is tallest ?
I. C is taller than B but not as tall as E.
II. D is shorter than only A and E.
III. E is not tallest.
(a) Only I
(b) Only I and III
(c) Only II and III
(d) All I, II and III

(15)

XCS-400(B)

30. How is M related to N ?
I. L is the only daughter of S, who is the only brother of his sister.
II. T is the daughter of U, who has two sons S and N.
III. T is daughter of M, who is mother of L.
(a) Only I and II
(b) Only II and III
(c) All I, II and III
(d) None of these

Directions (Q. Nos. 31 to 40) : In each question below are given three statements followed by three conclusions numbered I, II and III. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements, disregarding commonly known facts :

31. **Statements :**

- Some book are table.
No table is a chair.
All chair are wood.

(16)

XCS-400(B)

Conclusions :

- I. No book is a chair.
- II. Some table are wood.
- III. No chair is a table.
- (a) Only I follows
- (b) Both I and II follow
- (c) Only III follows
- (d) All follow

32. Statements :

Some cat are dog.
Some dog are rat.
All rat are cow.

Conclusions :

- I. Some dog are cow.
- II. All cow are being cat is a possibility.
- III. All cat being rat is a possibility.
- (a) Only I follows
- (b) Only I and II follow
- (c) Only III follows
- (d) All follow

F.No. : a-82

(17)

XCS-400(B)

33. Statements :

Some paper are pen.
All pen are pencil.
Some pencil are copy.

Conclusions :

- I. Some paper are copy.
- II. Some paper are pencil.
- III. Some pen are copy.
- (a) Only II follows
- (b) Both I and III follow
- (c) Only II and III follow
- (d) None follows

34. Statements :

All cow are deer.
Some deer are camel.
Some goat are deer.

Conclusions :

- I. Some goat are camel.
- II. Some cow are camel.
- III. No goat is camel.
- (a) Only I and II follow
- (b) Either I or III follow
- (c) Only II follows
- (d) None of these

F.No. : a-82

P. T. O.

(18)

XCS-400(B)

35. Statements :

All blue are pink.
Some pink are red.
All red are yellow.

Conclusions :

- I. All blue being yellow is a possibility.
- II. Some pink are yellow.
- III. Some pink are blue.
- (a) All follow
- (b) Only II and III follow
- (c) Only I and III follow
- (d) None follows

36. Statements :

Some toys are cameras.
All cameras are branches.
All branches are nets. Some nets are drills.

Conclusions :

- I. Some drills are cameras.
- II. Some nets are toys.
- III. Some branches are toys.
- IV. Some drills are toys.
- (a) Only I and III follow
- (b) Only II and III follow
- (c) Only I and IV follow
- (d) None of these

F. No. : a-82

(19)

XCS-400(B)

37. Statements :

All paints are cements.
Some cements are bolts.
Some bolts are lanes.
All lanes are roads.

Conclusions :

- I. Some roads are bolts.
- II. Some lanes are cements.
- III. Some bolts are paints.
- IV. Some roads are cements.
- (a) Only I follows
- (b) Only I and III follow
- (c) Only I, II and III follow
- (d) None of these

38. Statements :

Some pens are kites.
Some kites are dishes.
All dishes are jungles.
All jungles are mountains.

Conclusions :

- I. Some mountains are pens.
- II. Some jungles are pens.
- III. Some mountains are dishes.
- IV. Some jungles are kites.
- (a) Only I and III follow
- (b) Only I, II and III follow
- (c) Only III and IV follow
- (d) Only II, III and IV follow

No. : a-82

P. T. O.

(20)

XCS-400(B)

39. Statements :

All storms are horrors.
No horror is ring.
Some rings are doors.
All doors are winds.

Conclusions :

- I. Some winds are storms.
- II. Some winds are rings.
- III. No winds is storms.
- IV. Some rings are storms.
- (a) Only I follows
- (b) Only II follows
- (c) Only III follows
- (d) Only either I or III follows

40. Statements :

All points are clocks.
Some clocks are times.
Some times are worlds. Some worlds are buses.

Conclusions :

- I. Some buses are times.
- II. Some worlds are clocks.
- III. Some worlds are points.
- IV. Some buses are clocks.
- (a) None follows
- (b) Only I follows
- (c) Only II follows
- (d) Only III follows

(21)

XCS-400(B)

Passage-2

Directions (Q. Nos. 41 to 45) : Read the passage below and then answer the questions that follow :
Nationalism, of course, is a curious phenomenon which at a certain stage in a country's history gives life, growth and unity but, at the same time, it has a tendency to limit one, because one thinks of one's country as something different from the rest of world. One's perceptive changes and one is continuously thinking of one's own struggles and virtues and failing to the exclusion of other thoughts. The result is that the same nationalism which is the symbol of growth for a people becomes a symbol of the cessation of that growth in mind. Nationalism, when it becomes successful sometimes goes on spreading in an aggressive way and becomes a danger internationally. Whatever line of thought you follow, you arrive at the conclusion that some kind of balance must be found. Otherwise something that was good can turn into evil. Culture, which is essentially good become not only static but aggressive and something that breeds conflict and hatred when looked at from a wrong point of view. How are you find a balance, I don't know. Apart from the

(22)

XCS-400(B)

political and economic problems of the age, perhaps, that is the greatest problem today because behind it there is tremendous search for something which it cannot found. We turn to economic theories because they have an undoubted importance. It is folly to talk of culture or even of God. When human beings starve and die. Before one can talk about anything else one must provide the normal essentials of life to human beings. That is where economics comes in. Human beings today are not in mood to tolerate this suffering and starvation and inequality when they see that the burden is not equally shared. Others profit while they only bear the burden.

41. The greatest problem in the middle of the passage refers to the question :
- (a) how to mitigate hardship to human beings
 - (b) how to contain the dangers of aggressive nationalism
 - (c) how to share the economic burden equally
 - (d) how to curb the international hatred
42. Negative national feeling can make a nation :
- (a) selfish
 - (b) self-centered
 - (c) indifferent
 - (d) dangerous

F. No. : a-82

(23)

XCS-400(B)

43. Suitable title for this passage can be :
- (a) Nationalism breeds unity
 - (b) Nationalism—a road to world unity
 - (c) Nationalism is not enough
 - (d) Nationalism and national problems
44. 'Others' in the last sentence refers to :
- (a) other people
 - (b) other nations
 - (c) other communities
 - (d) other neighbours
45. Aggressive nationalism :
- (a) breeds threat to international relations
 - (b) leads to stunted growth
 - (c) endangers national unity
 - (d) isolates a country

Passage-1

Directions (Q. Nos. 46 to 50) : Read the following passage and answer the questions given below it in the context of the passage :

An earthquake comes like a thief in the night, without warning. It was necessary, therefore to invent instruments that neither slumbered nor slept. Some devices were quite simple. One, for instance, consisted of rods of various lengths and thicknesses which would stand up on end like

F. No. : a-82

P. T. O.

(24)

XCS-400(B)

ninepins. When a shock came it shook the rigid table upon which these stood. If it were gentle, only the more unstable rods fell. If it were severe, they all fell. Thus, the rods by falling and by the direction in which they fell, recorded for the slumbering scientist, the strength of a shock that was too weak to waken him and the direction from which it came. But, instruments far more delicate than that were needed if any really serious advance was to be made.

The ideal to be aimed at was to devise an instrument that could record with a pen on paper the movements, of the ground or of the table, as the quake passed by. While I write my pen moves but the paper keeps still. With practice, no doubt, I could, in time, learn to write by holding the pen still while the paper moved. That sounds a silly suggestion, but that was precisely the idea adopted in some of the early instruments (seismometers) for recording earthquake waves. But when table, penholder and paper are all moving how is it possible to write legibly ? The key to a solution of that problem lay in an everyday observation. Why does a person standing in a bus or train tend to fall when a sudden start is made ? It is because his feet move on, but his head stays still.

F. No. : a-82

(25)

XCS-400(B)

46. This passage says that early instruments for measuring earthquakes were :

- (a) faulty in design
- (b) expensive
- (c) not sturdy
- (d) not sensitive enough

47. Why was it necessary to invent instruments to observe an earthquake ?

- (a) Because an earthquake comes like a thief in the night.
- (b) To make people alert about earthquake during their conscious as well as unconscious hours.
- (c) To prove that we are technically advanced.
- (d) To experiment with the control of man over nature.

48. A simple device which consisted of rods that stood up on end like ninepins was replaced by a more sophisticated one because it failed :

- (a) To measure a gentle earthquake
- (b) To measure a severe earthquake
- (c) To record the direction of the earthquake
- (d) To record the facts with a pen on paper

49. The everyday observation referred to in the passage relates to :

- (a) a moving bus or train

F. No. : a-82

P. T. O.

(26)

XCS-400(B)

- (b) the sudden start of a bus
 - (c) the tendency of a standing person to fall when a bus or train moves suddenly
 - (d) people standing in a bus or train
50. The early seismometers adopted the idea that in order to record the earthquake, it is :
- (a) the pen that should move just as it moves when we write on paper
 - (b) the pen that should stay still and the paper should move
 - (c) both pen and paper that should move
 - (d) neither pen nor paper that should move

Directions (Q. Nos. 51 to 53) : In the following questions, choose the best sentence improvement :

51. The amount of garbage produced in the United States could be reduced by recycling trash, minimizing packaging, and developing new technology for incinerators and landfills.
- (a) and developing new technology
 - (b) and if they develop new technology
 - (c) and also by developing new technology
 - (d) and new technology being developed

(27)

XCS-400(B)

52. Most often defenders of art have justified its existence with their pointing out a function that nothing but art itself could perform :
- (a) with their pointing out a function that nothing but art itself could perform
 - (b) by them pointing out a function that only art could perform
 - (c) through the pointing out of a function performed by art alone
 - (d) by pointing to some function that art alone can perform
53. Looking down through the boat's glass bottom, a school of yellow fish was seen swimming along with the turtles.
- (a) a school of yellow fish was seen
 - (b) a school of yellow fish were seen
 - (c) we saw a school of yellow fish
 - (d) we seen a school of yellow fish

Directions (Q. Nos. 54 to 57) : Choose the correct tense for each sentence :

54. I borrowed four books on gardening the last time I to the library.
- (a) go
 - (b) went
 - (c) had gone
 - (d) have gone

(28)

XCS-400(B)

55. Mark Twain up in a small town in Mississippi.

- (a) was growing up
- (b) had grown up
- (c) grew up
- (d) has grown up

56. My grandfather in an airplane before, so this is his first time.

- (a) never flies
- (b) had never flown
- (c) has never flown
- (d) never flew

57. After Jonathan his degree, she intends to work in an office.

- (a) will finish
- (b) will have finished
- (c) finished
- (d) is finishing

Directions (Q. Nos. 58 to 62) : The given sentence is in active/ passive voice. Change the voice of the sentence. Select the correct option from the sentence below :

58. The king gave him a reward :

- (a) A reward was given by him to the king.
- (b) He was given a reward by a king.
- (c) He was given the reward by a king.
- (d) He was given by the king a reward.

(29)

XCS-400(B)

59. Whom does he look for ?

- (a) He is looked after for whom ?
- (b) Who is looked after for him ?
- (c) Who is looked for by him ?
- (d) He is looked after by whom ?

60. I saw him leaving the house :

- (a) He had been seen leaving the house.
- (b) He was seen to be leaving the house.
- (c) Leaving the house he was seen by me.
- (d) He was seen leaving the house by me.

61. They first sun-dried the garbage for one to three days to bring down the moisture level :

- (a) The garbage was first sun-dried for one to three days to bring down the moisture level.
- (b) The moisture level of the garbage came down when it was sun-dried for one to three days.
- (c) One to three days of sun-drying brought down the moisture level of the garbage.
- (d) The moisture level was brought down by sun-drying the garbage for one to three days.

P. T. O.

F. No. : a-82

F. No. : a-82

(30)

XCS-400(B)

62. They will ask you a lot of questions at the interview :

- (a) You are asked a lot of questions at the interview.
- (b) You were being asked a lot of questions at the interview.
